**SIRs 102 ... Another Great Event**

After spending three days in Carson City, I came back with a lot more appreciation for the guys in our golf club who continue to give so much of their time on our behalf. I believe everyone had a great time at this annual event. The weather was as good as I've seen it in 10 years, the mix of players was even better giving a lot of us a chance to play with newer members (and some old ones). The prize list included; Closest to the Pin on four holes each day (with three winners on each hole), Scramble, Two Man Best Ball, Individual Scores, Skins and of course the almost famous Blue Jacket which was won this year by **Wayne Berger**. With all that being said, Special Thanks go to **Don Whalen, Gary Bohn and Phil Hancock** for putting all this together. We're lucky to have these guys doing so much on our behalf. That just makes future special events on the "must play" list of things to do which include our upcoming Membership Appreciation Day (Sept 22<sup>nd</sup>...Mather) and our annual Awards Banquet (Saturday, Nov 12<sup>th</sup>). See you all there.

Remember: The only sure way to get a par is to leave a four-foot birdie putt two inches short of the hole.

**CARSON CITY**. Even with a smaller field I would say that the Carson City Golf and Fun Trip was a success. Almost \$1300 was returned in prize chips along with 144 golf balls for Closest to the Pin. Winners of the events will be posted at the August SIRS meeting.

**SEVILLANO LINKS OVERNIGHTER** Sign ups will be taken at the next two SIRS meetings. We need 20 golfers so sign up! If you want a single room, sign up early as they are on a first come first serve basis. If we don't get the 20 golfers by the September meeting we may have to cancel or raise the price.
