Subject: SIR State Golf Web-Site, Communications

Gentlemen

Listed below is the address of our new SIR State Golf Web-Site. This site has been up for almost a week and is in the development stage.

The initial response has been great. All of the SIR State Golf Activities, documents, applications, entry forms will be available via this source along with traditional mailings. It is very important that we assist our fellow SIR golfers in the use of this page, get the message out to all of your golfers, make this a high-light at your next general meeting. All Branches that have web-sites will you please create a link on your site to [www.sirstategolf.com](http://www.sirstategolf.com) so your golfing members become familiar with this new source of info.

Don Dill

Division 2 Chairman

Congratulations you had at least twelve new ncga members this month and we stand at a 5% increase for the first 4 months.
